

Success by 6 is a six-week summer program for children who will be eligible for kindergarten in the fall. Children who test "at risk" during registration may be referred by their school district. This provides children with an intro into classroom style learning before their first day of school. Classes are ran on a 10:1 student to teacher ratio to supply children with the attention they need to kick-start their education career.

• **\$20,000 Program Sponsor**

- Name and logo on all program marketing
